ROCK & RIDE YOUR HEART OUT

2009 1st Annual Benefit Ride & Concert

Saturday August 1st, 2009 at the Greeley Park Pavilion

The Michael P. Donaghy, Rock and Ride Your Heart Out Annual Benefit is being held to help raise funds and donations for the **American Heart Association!**

The AHA's statistics show that heart disease and stroke, the number one and three killers, claimed the lives of almost 1,000,000 people last year. That is one person every 33 seconds. **Your support will help change this sad fact.**

The Annual Benefit is an all day event made up of a Motorcycle Tribute Ride from 1pm to 3:30pm, and then a rock concert and show being put on by the Jack Duncan Band, from 4:00pm to 8:30pm. Both parts of this event are being done

In Memory of Michael P. Donaghy
and others just like him - who may have suffered due to heart disease!

During this event there will be multiple raffles for prizes and items donated by local businesses and event sponsors, and a 50/50 raffle! All proceeds from the raffles, and prizes to be directly donated to the American Heart Association! Towards the end of the show, there will be a presentation to give the raised funds to a local representative from the AHA! A number of food and concession vendors have also been invited to join the event - so bring your appetites!

Please help us spread the word for this event by telling your family, friends, neighbors, and colleagues to come and help support this great cause!

For more information about the Benefit or Band, please contact Rock and Ride Your Heart Out at: (603) 809-4802 or visit one of the websites below for additional details
